OUR APPROACH

A calm space. *Curious minds.*

Rooted in the EYFS curriculum, we create a quiet, beautiful environment where every child is known, supported, and free to discover the world at their own pace.

i.

EYFS curriculum

Our days follow the Early Years Foundation Stage, blending play-based discovery with the seven areas of learning.

ii.

Small groups, deep care

Group sizes are kept small so educators truly know each child and their family.

iii.

Key worker model

A dedicated key worker for every child ensures a calm, consistent and trusted relationship.

iv.

Emotional wellbeing first

Confidence, kindness and emotional regulation sit at the heart of everything we do.

OUR SPACE

One open space.
Nothing hidden.

Small pods.
Meaningful connections.

Rather than separate closed rooms, our nursery is designed as one large, light-filled space with no blind spots. Children move freely between age-appropriate zones, and every educator is always in sight.

At Baby Grow, children are cared for in small, closely grouped age pods led by consistent key workers who truly understand their age and stage, unlike traditional nursery rooms with wider age ranges.

DAILY ROUTINE

A day at *Baby Grow.*

Free-flow play, structured learning and plenty of fresh air, wrapped around three home-cooked meals and a long, calm nap in the middle of the day.
